27/11/33
Report on municipal taxation and expenditure in the Bombay Presidency including Sind for the year 1931-32.

GOVERNMENT OF BOMBAY.

GENERAL DEPARTMENT.

Resolution No. P. 55.

Bombay Castle, 8th August 1933.

Read the reports from the Commissioner in Sind and the Commissioners of Divisions on the working of the municipalities and notified areas in the Bombay Presidency for the year 1931-32.

RESOLUTION.

PART I.

SUMMARY.

Number and area.—The number of municipalities in the Bombay Presidency including Sind at the close of the year was 154 as against 155 in the preceding year, the decrease being due to the abolition of the Bubak municipality owing to its mal-administration and unsatisfactory financial position. Of these, twenty-nine were municipal boroughs under the Bombay Municipal Boroughs Act, 1925. The number of notified areas, exclusive of those which merely exist for the control of buildings and do not levy taxes, were eight in the Bombay Suburban district, one each in the Poona and Satara districts of the Central division and five in the Southern division. Proposals to improve the local administration of the Bombay Suburban district area by the elimination of a number of petty local authorities and their amalgamation into more convenient units are still under consideration. The municipal borough of Nadiad was dissolved, and a committee of management was appointed under section 219 (2) of the Bombay Act XVIII of 1925, to exercise and perform all the powers and duties of that municipality. The municipal borough of Surat, which was superseded in February 1931, was re-established with effect from the 16th November 1931. Of the two municipalities in the Central division, viz., Saswad and Indapur, which were superseded in 1928, the former continued to be administered throughout the year by a committee of management while the latter was re-established with a special constitution. In the Southern division the Bagalkot municipality was superseded for a period of six months with effect from the 6th November 1931.

2. *Change in the population and boundaries.*—The total population resident within municipal areas according to the figures of the Census of 1931 was 31,24,069 as against the estimate of 30,45,994 during the previous year. The increase occurred mainly in the Northern division. There was no alteration in the boundaries of any of the municipalities, except those of the Poona City municipal borough in the Central division and of the Ratodero municipality in Sind.

3. *Constitution of municipalities.*—In the Northern division triennial elections were held in the year under report at Dholka, Viramgam, Modasa, Ranpur, Sanand, Kapadvanj, Godhra, Dohad, Ankleshwar, Jambusar, Surat, Kalyan, Bassein and Bhiwandi. On the whole the voters displayed a keen interest in these elections. In the Central division triennial elections were held during the year at Sangamner, Parola, Chopda, Savda, Raver, Yawal, Amalner, Chalisgaon, Shirpur, Nandgaon, Bhagur, Yeola, Sinnar, Igatpuri, Indapur, Poona City, Ashta, Islampur, Karad, Mhaswad, Rahimatpur, Panchgani, Satara City, Tasgaon, Vita, Wai, Barsi and Sangola. Bye-elections, owing to deaths, resignations or disqualifications of councillors were held at Ahmednagar, Nandurbar, Shahada, Shirpur, Betawad, Sindkheda, Sholapur, Pandharpur and Sangola.

In the Southern division triennial elections were held in 23 out of the 35 municipalities. Except in the Kanara and Kolaba districts, the elections were keenly contested. There were eight bye-elections and two re-elections. In Sind the constitution of the municipalities remained unchanged. Triennial elections were held in eleven municipalities.

A statement* giving statistics regarding the number of voters who actually exercised their franchise at the municipal elections is appended. It is encouraging to find that on the whole the voters are taking an increasingly active interest in these local elections.

4. *Attendance at municipal meetings.*—The number of meetings held was 4,349 against 4,404 in the previous year. This perhaps indicates a more expeditious disposal of work. The average attendance of members of municipalities in the Presidency improved from 57.43 in the previous year to 62.14 in the year under report. But in Sind the Commissioner reports that the attendance declined by nearly 1 per cent. and as much as 48.3 per cent. of the members failed to attend two-thirds of the total number of municipal meetings. The number of adjourned meetings fell from 1,794 to 1,580. This reduction was chiefly due to a change of attitude on the part of the majority of municipalities which are becoming more averse to adjourning meetings for purely political reasons. The Ahmedabad municipal borough in the Northern division, and Poona City municipal borough in the Central division were exceptions and were responsible for causing unnecessary delay in the disposal of public business by the adjournment of meetings on grounds that had no relation to the municipal government of the cities.

5. *Changes in the system of taxation—house-tax.*—There was no important change. The Matheran and Vile Parle municipalities revised their rates of tax on houses and lands.

Octroi.—The octroi schedules of the municipalities of Nasarpur and Ratodero in Sind and of Mhaswad in the Central division were revised. The Sangamner municipality suspended the levy of octroi on petrol.

Terminal tax.—Some modifications were made in the terminal tax rules and schedules of the Ghotki and Jacobabad municipalities in Sind, the Chiplun and Malwan municipalities in the Southern division, and the Broach and Nadiad municipalities in the Northern division. The B. B. & C. I. Railway Company discontinued with effect from 1st October 1931, collecting the terminal tax on behalf of the Nadiad municipality as the municipality failed to collect the tax on goods conveyed by road. Since then the municipality has revised its terminal tax rules and bye-laws, and the Railway Company has resumed from 1st September 1932 the work of collecting this tax on goods carried by rail.

Water rate.—The Matheran municipality imposed a water rate on religious and charitable institutions at the same rate as is levied on other properties. The Dhulia municipality revised its water rate rules.

Sanitary cess.—Karad revised its special sanitary cess schedule.

Conveyance tax and tolls.—The Godhra, Ahmednagar, Sholapur and Saundatti-Yellamma municipalities were permitted to levy toll tax on vehicles, while the Alandi and Sirur municipalities abolished the levy of wheel tax. Jalgaon, Bhusaval and Pandharpur municipalities revised their schedules of wheel tax and road tolls.

Miscellaneous taxes.—The Godhra municipality introduced a tax on hotels, restaurants and shops. The Mahableshwar municipality revised its notice fee rules. The Dakor municipality revised the pilgrim tax rules.

6. *Municipal income.*—During the year under report the aggregate gross income of the municipalities rose from Rs. 384 lakhs to 403 lakhs. Deducting receipts under "extraordinary and debt" the ordinary income amounted to Rs. 229 $\frac{3}{4}$ lakhs against Rs. 224 $\frac{1}{2}$ lakhs in the previous year. There was an increase of about Rs. 5 lakhs under "rates and taxes" and of about Rs. 2 lakhs under "miscellaneous". These increases were set off by a decrease of about Rs. 1 lakh under "revenue derived from municipal property and powers apart from taxation" and of about Rs. $\frac{3}{4}$ lakh under "grants and contributions". The large increase under "rates and taxes" was due to better recoveries of arrears.

7. *Octroi and terminal tax receipts.*—The largest portion of the increase of about Rs. 3,61,000 under this head was contributed by the Northern division, the Ahmedabad municipality alone accounting for an increase of Rs. 3,14,000 due mainly to an increase in rates of terminal tax on coal, cotton, yarn, etc., and larger imports of building materials for erecting new mills, etc. The Central division also showed an increase of about Rs. 66,000. There were decreases of Rs. 63,000 and Rs. 21,000, respectively, in Sind and the Southern division.

8. *Taxes on houses and lands.*—The receipts under this head showed an increase of about Rs. 2,20,000, which was shared by Sind and all the divisions and was due mainly to recovery of the arrears of past years and to more effective recovery of the taxes in the year under report.

*Vide Appendix I printed as an accompaniment to this Resolution.

9. *Water rates.*—The receipts under this head showed a decrease of about Rs. 1,11,000, the Northern division alone being responsible for a decrease of Rs. 2,01,000. At Ahmedabad abnormal outstandings remained at the close of the year owing to late issue of bills.

10. *Recovery of dues.*—Though efforts were made by certain municipalities to reduce their outstandings progress on the whole was far from satisfactory. Many municipalities allowed more than 60 per cent. of their dues to remain in arrears: the arrears in Navalgund in S. D., and Nandgaon in C. D., amounted to as much as 99·7 and 95·47 per cent. of the total demands. As usual, delay in the issue of bills, an inefficient collecting staff, slack supervision and reluctance to adopt prompt and effective coercive measures were the chief causes of the accumulation of arrears. In many cases the councillors themselves figured among the defaulters. Statements* showing the names of councillors, who were in arrears of the municipal dues on the 31st March 1932, are appended.

The total amount of arrears of taxes and dues in all the municipalities of the Presidency, including Sind at the end of the year 1931-32 amounted to about Rs. 31·67 lakhs, i.e., an increase of about Rs. 4 lakhs over the figures of the previous year.

In the Northern division the municipalities of Viramgam, Modasa, Dhandhuka, Sanand, Godhra, Broach, Ankleshwar, Surat, Thana, Kalyan, Bassein and Bhiwandi and all the municipalities, except Anand, in the Kaira district, had large amounts of arrears outstanding at the close of the year.

In the Central division the outstandings at the end of the year amounted to Rs. 7,32,275, more than half of which were on account of house-tax. The heaviest arrears, that is, more than 50 per cent., were in Yawal, Shirpur, Nandgaon, Sirur, Ashta and Kurla municipalities. The arrears in Nandgaon were 95·47 per cent. of the demand.

In the Southern division the arrears of taxes were specially heavy in the Navalgund, Nargund, Saundatti-Yellamma, Uran, Dharwar, Hubli, and Haveri municipalities, the arrears in Navalgund being as high as 99·7 per cent. of the demand. These arrears are attributed to the belated preparation of the assessment list.

In Sind the total outstandings amounted to Rs. 3,48,843, as against Rs. 3,45,009 in the preceding year, the Karachi Municipality alone being responsible for the arrears of about Rs. 3 lakhs including those for previous years.

11. *Revenue derived from municipal property.*—Under this head there was a total decrease of Rs. 96,000, which was shared by all the divisions except Sind, the latter showing an increase of about Rs. 78,000.

12. *Grants and contributions for general and special purposes.*—The receipts under this head, which consist mainly of grants-in-aid by Government to municipalities for the improvement of water supply and drainage, for the entertainment of health officers and sanitary inspectors, and for medical and educational purposes were Rs. 19,62,740, as against Rs. 20,28,208 in the previous year. The Ahmedabad and Broach municipalities accounted for decreases of Rs. 2,03,000 and 23,000, respectively, which were due to withholding by Government of educational grants.

13. *Nature of income and incidence per head of population.*—Of the total income of the municipalities amounting to Rs. 2,29,84,413, Rs. 1,65,38,700 were realised from municipal rates and taxes, compared with Rs. 1,60,63,600 in the preceding year, direct taxation yielding Rs. 1,00,13,600 or 60·54 per cent. and indirect taxation Rs. 65,25,100 or 39·46 per cent. The corresponding percentages in the previous year were 61·63 per cent. and 38·37 per cent., respectively. The average incidence of taxation per head of population increased from Rs. 5-4-4 to Rs. 5-4-8 and that of income decreased from Rs. 7-6-0 to Rs. 7-5-8.

14. *Working of octroi and terminal tax systems.*—In the Northern division, as in the preceding year, the municipalities of Dholka, Viramgam, Ranpur, Surat, Thana and Bassein continued to levy octroi. Seventeen municipalities imposed terminal tax. Five municipalities, viz., Modasa, Borsad, Dakor, Kapadvanj and Rander, have not adopted either of these systems of taxation. Out of the gross collections of Rs. 4,74,922 from octroi during the year under report, a sum of Rs. 1,42,058 was paid out as refunds as against Rs. 1,15,297 in the previous year.

In the Central division the octroi system was in force in 34 municipalities, while 9 municipalities levied a terminal tax. Karad levied the terminal tax as well as octroi. The gross octroi collections amounted to Rs. 15,28,236, the net income being Rs. 14,47,055, the percentage of refunds being 5·3 as against 7·07 in the preceding year.

*Vide Appendix II printed as accompaniments to this Resolution.

In the Southern division the gross octroi collections amounted to Rs. 5,87,825, of which Rs. 18,965 were refunded. The percentage of refunds being 3·20, as against 3·08 in the previous year. The octroi system was in force in 24 municipalities, while 9 municipalities levied terminal tax.

In Sind the system of levying a terminal tax continued in force in 14 municipalities.

15. *Expenditure.*—The total expenditure of the municipalities during the year under report was Rs. 4,06,02,000, as against Rs. 3,89,92,000 in the previous year. Excluding the item of "extraordinary and debt" the expenditure amounted to Rs. 231½ lakhs against Rs. 232 lakhs in the preceding year.

16. *Water supply.*—The total expenditure on water supply increased by about Rs. 3 lakhs, mainly under "capital outlay", which was shared by Sind and the Central and Northern divisions.

17. *Financial working of water supply installations.*—In the Northern division the income of the Ahmedabad municipality from water rates decreased from Rs. 11,06,190 in the previous year to Rs. 8,86,989, in the year under review, due to late issue of bills of demand. Of this, Rs. 5,26,495 were derived from the direct sale of water and Rs. 3,60,494 from the general water rate. The expenditure including interest, sinking fund instalments and depreciation charges amounted to Rs. 4,60,600 as against Rs. 4,87,395 in the preceding year. The working of water supply installation at Surat showed a net profit of Rs. 74,388, as against Rs. 90,673 in the preceding year. The water supply accounts of the Rander, Thana and Bhiwandi municipalities, showed a profit, while the Kapadwanj municipality suffered a loss.

In the Central division the water works at Dhulia, Nasik, Satara City and Karad yielded a profit, while those at Ahmednagar, Jalgaon and Trimbak were run at a loss. The construction of the water works at Nandurbar was in progress. The Ahmednagar municipality with a view to augment its income revised its general water rate on shops, but has not yet revised its special water cess as advised by Government. None of the municipalities in the Bombay Suburban district owns an independent water supply system. The Bandra and Kurla municipalities obtain their water supply from Government at the rate of 7 annas per 1,000 gallons.

In the Southern division the water works at Bijapur, Dharwar and Hubli worked at a loss. The other installations at Matheran, Panvel, Pen and Roha-Ashtami showed a profit.

18. *Drainage.*—The expenditure under this head decreased from Rs. 17,13,000 to Rs. 12,43,000 mainly under "capital outlay".

19. *Conservancy.*—The expenditure under this head amounted to Rs. 32,00,000 against Rs. 28,58,000 in the previous year. The expenditure as usual represents—

- (1) cost of construction of new latrines, gutters, etc.,
- (2) cost of new staff employed and increments in pay to staff;
- (3) purchase of motor lorries, dust bins and other requirements.

20. *Road expenditure and appropriation of wheel tax and road tolls for that purpose.*—The expenditure incurred on roads amounted to Rs. 17,54,000 against Rs. 17,70,000 in the previous year. Sind and the Northern division showed increases of Rs. 52,000 and Rs. 59,000, respectively, while the Central and Southern divisions showed decreases of Rs. 1,04,000 and Rs. 23,000, respectively.

Several municipalities failed to observe the sound principle that the whole of the proceeds from wheel tax and road tolls, after making allowance for the cost of collection and one-third of the expenditure on watering roads, should be devoted solely to road repairs and road construction. In the Northern division the municipalities of Dhandhuka, Bulsar, Rander, Bassein and Bhiwandi infringed the rule. The last three municipalities also figured amongst the defaulters in the previous year's report. The Ahmedabad municipality has undertaken an extensive road programme and spent a sum of Rs. 5,65,727, on road repairs during the year under report.

In the Central division the receipts from wheel tax and road tolls amounted to Rs. 3,13,500, while the total expenditure on roads was Rs. 6,19,200. However, there were a large number of municipalities which failed to observe the principle that the proceeds from wheel and toll taxes must be credited to a special fund and spent exclusively on roads. Some municipalities did not levy wheel tax or toll and met the expenditure on roads from their general revenues. Ahmednagar, all the municipalities in East Khandesh district with the exception of Faizpur, Raver, Savda and Dharangaon, Dhulia and Sindkheda in the West Khandesh district, Nasik, Bhagur, Manmad in the Nasik district, Ashta, Islampur, Karad, Mahabaleshwar in the Satara district, and Bandra and Kurla in the Bombay Suburban district, spent on roads more than their income from these sources.

In the Southern division, Belgaum, Nipani, Athni, Bagalkot, Dharwar, Byadgi, Nargund, Navalgund, Kumta, Sirsi, Haliyal, Bhatkal, Gokarn, Ulvi and Pen did not spend the whole of their income from wheel and toll taxes on roads, and the eight last named failed to credit the unspent balances to a special fund.

In Sind the Tatta, Hala, Ratodero and Umarkot municipalities failed to spend fully the income during the year from wheel tax and road tolls on the construction and maintenance of roads. The Hala municipality also failed to maintain a special fund.

In Sind and in the Northern division no municipality prescribed regular lines of streets.

In the Central division, the Dhulia, Nandurbar, Sinnar, Igatpuri and Sholapur municipalities prescribed regular lines of streets. The Bandra municipality acquired some land free of cost for set backs in the Mang. lane.

In the Southern division the alignment of important streets in the Bagalkot, Guledgud, Haveri, Ranebennur and Ratnagiri municipalities were completed. Haveri widened certain streets.

21. *Public Instruction.*—The total expenditure under this head amounted to Rs. 49,12,000 against Rs. 48,88,000 in the preceding year. The largest portion of the increase occurred in Sind, Karachi alone being responsible for an increase of about Rs. 1,05,000. The Central division showed an increase of Rs. 38,000. On the other hand the Northern and Southern divisions showed decreases of about Rs. 76,000 and Rs. 21,000, respectively.

22. *Closing balance.*—The year's working resulted in a decrease of Rs. 2,88,000 in the total of closing balances. The aggregate closing balance of all the municipalities in the Presidency including Sind, amounted to Rs. 89,35,000 against Rs. 92,22,000 in the preceding year. In Sind the actual balance, excluding deposits amounted to Rs. 52,14,000 of which Rs. 38,58,000 belonged to the Karachi municipality.

23. *Audit of Accounts.*—The Accountant General, Local Audit Department, audited as usual the accounts of the municipalities in the Presidency including Sind. As from the year 1930-31 in view of the provisions of the Bombay Local Fund Audit Act, 1930, the responsibility for ensuring the proper disposal of audit notes has been transferred to the Audit Department and as the matters arising therefrom have been brought to the notice of Government in the annual report of the Examiner, Local Fund Accounts, which is published separately, it is unnecessary to discuss the position in detail. The reports from the Commissioners indicate that there is still ample room for improvement both in the details of administration and accounting. There are very heavy arrears of recovery of taxes, as in the past, and the financial condition of several municipalities is unsatisfactory. Though steps have been and are being taken by some municipalities to set their houses in order, the apathy of the councillors, and factions in many municipalities come in the way of improvement. On the whole it appears that the standard is below that which the public have a right to expect.

In the Northern division serious irregularities were noticed in the case of the Kapadvanj, Borsad, Godhra, Broach and Surat municipalities. The financial condition of the municipalities of Dholka, Modasa, Prantij, Ranpur, Dhandhuka, Borsad, Dakor, Kapadvanj, Mehemdabad, Dohad, Broach, Rander and Bassein was reported to be far from satisfactory. These municipalities have been called upon by the Collectors concerned to take suitable measures to put their finances on sound basis.

In the Central division the audit of accounts in Vita, Dhulia, Nasik, Rahimatpur, Mhaswad, Satara City, Sholapur, Bandra, Yawal, Karad, Pandharpur, Lonavla, Pona Suburban, Kurla, Bhusaval, Parola, Sangamner and Poona City disclosed an undue number of grave irregularities. There were instances of gross mismanagement, as at Shirpur and Betawad.

In the Rahimatpur municipality the municipal fund was allowed to be freely utilized by its Secretary and other subordinates for two years for private purposes, owing to the absence of supervision over the staff.

The Examiner reports that the Pandharpur municipality suffers an annual recurring loss of about Rs. 1,500 on account of its failure to remove the encroachments, of which the number had gone up to 1,210.

The Examiner has passed very severe strictures on the working of the Lonavla municipality, the most deplorable feature of which is the abnormally heavy arrears of Rs. 80,854, some of which have become irrecoverable by lapse of time. These heavy outstandings are attributed to the lack of supervision over the staff by the chief officer. No serious attempt has been made to remove the irregularities pointed out in audit and even the replies to some of the objections were found to be mis-statements of facts. The municipal records were in a chaotic condition, and some papers were found to be missing.

As regards the Poona Suburban municipality the Examiner reports that not a single department, excepting perhaps the accounts branch is properly managed. The municipal records are in a chaotic condition and the disappearance of documents has become a common occurrence. Three of the councillors were recently convicted and sentenced for obtaining bribes from a contractor. The new President, however, made strenuous efforts to bring order out of chaos.

In the Southern division, the Athni municipality has done nothing to improve its finances. The Navalgund municipality allowed its dues to be very heavily in arrears, and want of supervision also facilitated defalcation of public money. The delay in the disposal of audit notes of the years 1928-29 and 1929-30 by the Bagalkot, Ratnagiri, Chiplun and Vengurla municipalities provoked adverse comments from the auditors.

24. *Grants for sanitary and town improvement schemes.*—As usual the need of a wholesome and plentiful water supply, efficient drainage, the opening up of congested and insanitary localities, construction of good roads, hygienic school buildings with adequate playgrounds, improved conservancy arrangements, municipal office buildings, dispensary buildings, markets, slaughter houses, etc., is felt almost universally. Government have hitherto, so far as the state of their finances permitted, assisted municipalities towards the attainment of their most urgent requirements by granting loans and grants-in-aid. The important grants during the year were :—

Municipality.	Purpose.	Amount of grants-in-aid. Rs.
<i>Northern division—</i>		
Ahmedabad	Water Supply	11,889
Surat	Water Supply	3,589
<i>Central division—</i>		
Sholapur	Water Supply	55,440
	Roads	13,824
Jalgaon	Water Supply	51,096
Poona Suburban	Drainage	28,000
Poona City	Do.	98,234
Nandurbar	Water Supply and drainage.	40,000
<i>Southern division—</i>		
Belgaum	Drainage	14,000
Gadag-Betgeri	Do.	10,000
<i>Sind—</i>		
Jacobabad	Water Supply and drainage.	26,064
Hyderabad	Water Supply	20,720
Shikarpur	Drainage	14,418

PART II.

REMARKS REGARDING THE PRINCIPAL MUNICIPALITIES.

25. *Ahmedabad.*—The financial position of the municipality continued to be satisfactory. Government note with satisfaction that the municipality had undertaken an extensive road programme and spent large sums on road improvements during the year. The municipality would be well advised to take advantage of the present cheap monetary conditions to expedite the construction of the Shahapur bridge, which is urgently required, and other essential developments in the interests of the public.

Government view with concern the high rate of mortality, especially among children and trust that the municipality will make every endeavour to improve the public health of the City. The attitude of the Municipality towards Government, owing to the tendency of a section of the councillors to allow their sympathies with an objectionable political movement to influence the discharge of their municipal duties left much to be desired.

Surat.—Government reinstated the municipality before the expiry of the full period for which it was originally superseded. Government are pleased to observe that it has so far justified the trust reposed in it by them. Government learn with satisfaction that good progress has been made in improving the condition of roads and enlarging the water mains. They are glad to know that there was a substantial reduction in the arrears which was chiefly due to the efforts of the committee of management. It is hoped that the municipality will make every endeavour to reduce further the arrears and recover the large outstandings still due.

Government are pleased to observe that the relations of the municipality with Government officers are cordial, and attribute this largely to the personal efforts of Mr. Sanjana, its President, who has shown great zeal in improving the administration of the municipality.

Poona.—The financial condition of the Municipality was on the whole satisfactory. The income of the municipality rose from Rs. 15,25,848 in the previous year to Rs. 16,61,121 during the year under report.

One of the outstanding unsatisfactory features of the report was the increase in arrears of taxes from Rs. 1,42,759 to 1,58,941.

The audit report recently issued by the Examiner shows that the state of accounts was far from satisfactory.

The municipality passed a number of resolutions of a political nature, which had no direct bearing on municipal affairs.

Hyderabad.—The financial position of the municipality worsened as its annual expenditure continued to exceed its income, the net deficit during the last five years amounted to Rs. 4'80 lakhs. Unless effective measures are taken early to augment its resources and to put its finances on a sound basis, the municipality will be faced with a serious situation. Government desire that the municipality should consider seriously the suggestion of the Commissioner in Sind for the imposition of a property and general sanitary cess, which appears to be the only means of providing the necessary funds for its growing needs.

Though the City was free from plague and cholera, Government regret to note the high rate of mortality, especially among infants. It is hoped that the municipality will take steps to effect improvements in the general health of the city.

The action of the municipality in asphaltting several of the important roads within its limits is noteworthy.

Karachi.—Government note with satisfaction that the administration of the municipality continued to be efficient in all departments under the presidentship of Mr. Jamshed N. R. Mehta. The new Karachi Municipal Bill, the need of which has been keenly felt for a long time, was introduced in the February-March 1933 session of the Legislative Council, and it is hoped that it will be passed into law before the end of the year 1933. The Municipality is to be congratulated on very satisfactory record of vital statistics during the year. It is continuing its efforts to remove congestion by widening roads. It is also seriously tackling the problem of improving the present water supply which is scarcely sufficient to meet the demand of the increasing population. Good progress is reported to have been made in the extension of the drainage system in the Jamshed quarter, Garden quarter, Liyari quarter and the Artillery maidan.

Though the arrears of taxes and land rents were reduced to some extent, there is still much room for improvement as the outstandings are very heavy. It is hoped that the municipality will continue to devote greater attention to this matter and resort to coercive measures wherever necessary.

PART III.

26. *General Remarks.*—In their review last year Government were constrained to remark that an unsatisfactory feature of the year was the growing tendency of many municipalities to go outside the sphere assigned to them in the Municipal Acts and to allow their administration of local affairs to be warped by political considerations. Government while exercising great patience in the matter made their policy perfectly plain and required municipalities to observe it in future. They are glad to be able to record in the year under review a great improvement in this respect. There was a marked change of sentiment apparent throughout the year and Government observe that in spite of the fact that owing to the financial position they were able to extend less assistance to municipalities than formerly, the attitude of nearly all municipalities became one of helpful co-operation and that municipal councils exercised a wise restraint in confining their activities to the sphere assigned to them by law.

The general standard of municipal administration throughout the Presidency still left very much to be desired. Government under its statutory powers can exercise a certain measure of control in flagrant cases, but ultimately it is on local public opinion that they must rely for any general and permanent improvement. Until this opinion organises itself effectively and insists on the prompt and efficient disposal of business improvement is bound to be slow. The public demand for increased amenities in the way of better water supply, asphalted roads, better drainage, electric light and improvements generally required in the interests of public health, is gradually growing more insistent. But the resources of municipal bodies are limited. During a year of severe economic depression it is satisfactory to observe that progress, although naturally

retarded, has not been entirely stopped, and on the whole services have been maintained at their usual level. Many of the elected Presidents have discharged their duties as heads of the municipal executive admirably and have earned the thanks of Government and of the public. But in many cases the staff itself is not up to the mark, and Government are inclined to think that while other extensions of municipal activity are necessarily restricted by financial stringency the time is opportune for municipalities to take up seriously the question of improving the quality of their executive staff.

By order of the Government of Bombay
(Transferred Departments),

R. B. EWBANK,
Secretary to Government.

G. R. No. P. 55, G. D., dated the 8th August 1933.

In the last year's statement the closing balance of the Nasarpur Municipality was shown to be Rs. 155 which included the sum of Rs. 285 stolen in 1930 the actual balance ought to have been Rs. 1,266. Rs. 215 have since been recovered from Rs. 285 up to the close of year 1931-32 and have been included in the Municipal income. The balance of Rs. 70 still remains to be recovered from the Secretary. The opening balance of the Municipality this year has been shown in the statement to be Rs. 1,336 which included Rs. 70 still remaining to be recovered from the Secretary. But the opening balance ought really to be Rs. 1,266. 1,336 - 70 = Rs. 1,266.

REMARKS

52

*Through mistake the Munshi concerned has credited Rs. 4 from his pocket. The correct figure is 183,565.

NOTE—In case of certain articles, value of the goods has been shown instead of weight in maunds therefore the tax is levied on the value of the goods (vide please remarks on the last year's statement).

the Municipality. Rs. 4,404 were spent in boundary stones during the year and as the balance of Rs. 1,200 lapsed to Government, as it was not Municipality. Last year's statement lost sight of Rs. 4,404 already spent from the original loan of Rs. 5,604 and hence last year's statement invariably less. In this case though the amount sanctioned was Rs. 7,859-8-0 the Municipality had drawn Rs. 6,066-15-0 plus 575-6-0 (Interest) from the date of the grant of the loan to date of payment as intimated by Accountant General and included in the amount shown as

* Mulund Notified Area Committee's last year's correct closing balance was Rs. 1,091 and not Rs. 1,090 as shown there, deposit with the Bank which was not included in the closing balance by mistake. Now the deposit sum has been included in

Committees in the Bombay Presidency for the year ending 31st March 1932.
